DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-5 and 6-13 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on February 8, 2006, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 1-5 and 6-13 are set forth in according the applicant's remarks stated on pages 6-7.

Regarding Claims 1 and 6, the closest prior art, Chow (US 6,778,832) and Do (US 6321087), either singularly or in combination, fail to anticipate or render obvious, wherein the mobile communication terminal having first and second communication modules respectively communicating with the first and second mobile communication systems, wherein the first communication module generates a drive command for the second communication module upon receiving the first handover notification message from the first mobile communication system, and transmits the handover preparation message to the first mobile communication system upon receiving a prescribed drive-response signal, and the second communication module transmits the drive-response signal to the first communication module upon receiving the drive command from the first communication module, transmits the page response message upon receiving the page message from the second mobile communication system, and enters a call connection state upon receiving the channel assignment message from the second
